

Backflow Prevention Certification Workshop

Presented by SCDHEC
 & SC Rural Water
 Association

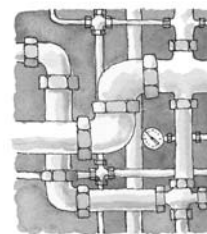

November 15, 16, & 17,
 2005
 8:30 a.m. – 5:00 p.m.

Travelodge Suites
 Columbia, SC

Backflow Prevention Certification Seminar

November 15, 16, & 17, 2005
 Travelodge Suites, Columbia, SC
 Fee: \$175.00 per person

DHEC designs this program to instruct students in how backflow can occur and how cross connections can be addressed and/or eliminated. State regulations will be presented and explained. Handouts, films, slides, illustrations, and discussions will be used in this course. DHEC will teach testing procedures for the PVB, DCVA, and RP devices. Students will be testing, troubleshooting and repairing these devices themselves. DHEC will give a written exam, necessary for certification, at the conclusion of the course. DHEC will require that students complete the three-day course, pass the written exam, pass the hands-on exit exam, and own or have clear access to the appropriate testing equipment. DHEC does not require you to purchase the testing equipment before the seminar.

*15 hours of CEU credit is awarded
 for this program*

Enrollment will be limited to 30 people to allow more individualized instruction.

To register for this training, simply complete, detach and mail the registration form along with your check or money order to the address shown below. DHEC is not equipped to bill you or your company. No purchase orders please!

Checks should be made payable to: **SCDHEC** and mailed to:

Mr. John Watkins
 SCDHEC – Bureau of Water
 2600 Bull St.
 Columbia, SC 29201

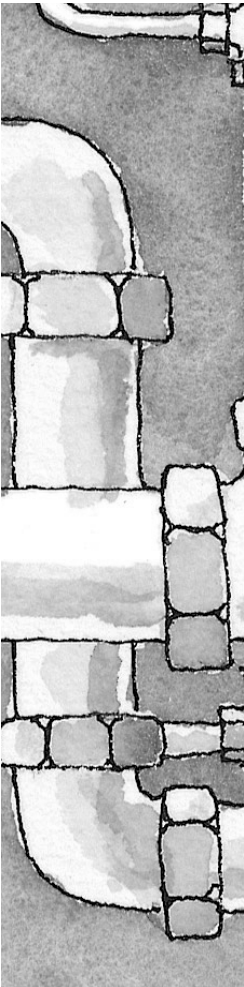

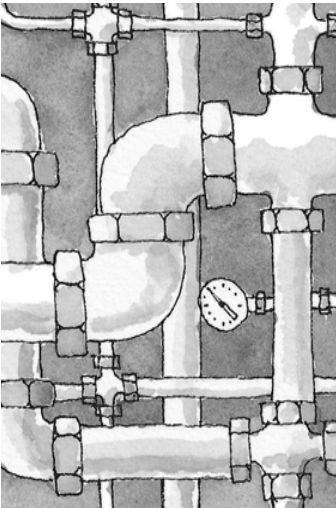

If DHEC cancels this training for any reason, DHEC will refund your registration fee. However, if you are forced to cancel for any reason, this office reserves the right not to refund your registration fee. We will allow you to substitute another person in your place, or you may use your paid registration for a future seminar without additional cost to you.

Completion of this Training is a Prerequisite for Certification as a Backflow
 Prevention Device Tester in South Carolina.

Workshop Leaders

Kelly A. Hunsucker & John D. Watkins, with South Carolina Department of Health and Environmental Control (DHEC), Bureau of Water, in Columbia, will conduct this workshop jointly.

Kelly has been with DHEC since 1967 and has concentrated his efforts in the backflow prevention program for the past twenty years. John comes to the state program from Charleston CPW where he was their Cross Connection Control Technician for approximately three years. These two gentlemen bring excellent experience and knowledge in backflow prevention to this workshop.

About the Training

DHEC has scheduled this **THREE-DAY** Cross Connection Control Training and Certification Seminar for November 15, 16, & 17, 2005. DHEC will hold this event at the Travelodge Suites, Columbia, SC.

Location: A map will be included in your acceptance letter, but for now, the Travelodge Suites is found just off I-20 and Two Notch Rd., which is Exit 74 on I-20. Call 1-803-736-1600, for more information.

Students must be present and prepared to begin class promptly at 8:30 a.m. on the first morning of the workshop. This training will include several extended sessions where the students are testing, troubleshooting and doing minor repairs on PVB, DCVA, and RP devices.

Cost: \$175.00 per person for the three days. This includes lunch on all three days. DHEC will also provide coffee, soft drinks, and snacks each day. The cost will cover all necessary materials except note paper and pens. We will award fifteen hours of CEU credits for those who successfully complete this training. If you require additional information, call John Watkins at (803) 898-3567.
